

ABOUT THE STATE

Happenings of Interest from Different Sections.

Judge and Mrs. Willard W. Miles observed their 50th wedding anniversary at their home in Barton yesterday.

After October 1 the delivery of all hard coal in Rutland will be limited to those presenting card orders to their dealers, these cards specifying the quantity obtainable when available.

The Bellows Falls American Legion is to have a three days' carnival beginning yesterday, but its managers state that nothing in the gambling line will be tolerated.

At the Brattleboro fair, one mother laid her seven-week-old baby in charge of the nurse at the Red Cross tent throughout the entire day, leaving a can of condensed milk to be prepared for the child at the proper feeding time.

In court at Newport Tuesday, Miss Mina Waterman was awarded \$1,320 in wages for the 22 years she worked for Joseph Waterman of Willoughby at \$2.50 a week. Mr. Waterman, who is 71 years of age, claimed that he and Miss Waterman entered an agreement by which they posed as man and wife to their friends and neighbors through all those years, and that this nullified any claim for wages. Counsel on both sides waged a brilliant battle for their clients.

Harry E. Clouston, for about three years landlord of the Addison house, in Middlebury, has thrown up his lease, leaving last week Friday, since which time the hotel has been closed to the public. Arrangements, however, have been made and Merin H. Tinsdale of East Middlebury, who for two seasons has been the manager of the Green Mountain Inn at that place, will be the new landlord. This hotel has been open to the public almost continually since 1804.

Miss Grace Greylock Niles, aged 60 years, who set fire to and burned her four-room dwelling in Pownal, has been committed to the Brattleboro reformatory. She also threatened to burn the summer homes of two families whose property adjoined hers. Miss Niles was author of several books which dealt with the early history of the southern part of the state and was prominent in the controversy at the time of the construction of the Mohawk trail, wishing to have it called the Mohawk trail and contending that the Mohawk Indians never visited those parts.

Returning Saturday morning to Perkinsville, after attending a dance in Felchville, a Ford touring car containing five persons went into Black River, the driver, William Dane, missing the entrance to a covered bridge in a heavy fog and going over a stone wall, landing in the river fifteen feet below. The water was from eight to 10 feet deep, but since the auto did not overturn it gave the occupants an opportunity to secure foothold on top of the machine until help arrived, which kept their heads above water. By aid of a long ladder lowered over the car by rescuers they made their way out and the auto was removed next day by ropes, pulleys and rafts, being floated down the river to a point where it could be landed. No one was hurt.

ACCIDENTS NUMEROUS.

But None of Them Involved Very Serious Consequences.

Hester E. Merkel of Northfield has reported to the secretary of state that her automobile struck a team in Stowe on Sept. 18. The car was not damaged, but the team was damaged to the extent of \$7.

L. H. Atherton of Montpelier has reported a collision between his car and one driven by R. H. Sibley of East Montpelier on North Main street in Barre Sept. 25.

Arthur I. Olds of St. Albans has reported a collision between his automobile and a team on the Swanton road

Sept. 23. Damage to the car was \$20 and to the team \$100. The report states that the team carried no light and that the buggy had only three wheels. The driver was drunk and had a jug of cider, Mr. Olds states. Following the accident, he went down the road with his foot in his hand. He was driving on the wrong side of the road, according to the report.

Mrs. Miriam E. Martin of Orange, Mass., has reported a collision with a light car driven by the younger son of J. H. Mahler of Pittsford near Pittsford Sept. 17. The light car struck sand and jumped onto the wrong side of the road, it is stated. Damage to the Martin car was between \$150 and \$200 and to the light car about \$35.

Louise C. Horton of Chittenden has reported a collision between cars driven by her and Fred Barstow of Chittenden on Sept. 18 in Chittenden. She states that she was waiting for a car which had a driving license, and drove to the next house and turned around. When she was nearly home she met the Barstow car, which she states almost stopped, then started up and struck her car.

S. B. Collins of St. Albans reports that a truck owned by E. E. Aseltine of St. Albans and driven by John Cook skidded into his car in St. Albans Sept. 26. The damage was about \$35 to his car and about \$25 to the truck, he reports.

C. P. Boynton of Rippon has reported that his son, Harold, and a man named Persons were badly injured when they were thrown through the windshield of a car driven by young Boynton in a collision with another car between Rippon and Middlebury. The other car had the registration number 37-438. The Boynton car started to pass a detachment of cavalry on the march, when the detachment started to turn, creating such a dust that Boynton could not see. Directly after a head-on collision with the other car occurred, breaking the windshield, radiator and lamps of the Boynton car. Young Boynton claims he was driving very slowly because of the dust.

Died at Age of 93.

Greensboro, Sept. 29.—Mrs. Mary (Young) Jardine passed away Tuesday night at the age of 93 years. Mrs. Jardine came to this country from Scotland when a child with her parents who settled in Greensboro.

Kidney and Bladder Troubles HAVE TO GO

Cleaved up Kidney Deposits are Discovered and the Toxin (Poison) Completely Driven Out. Druggists Told to Guarantee it in Every Instance.

"Your very life," says Dr. Carey, "depends upon the perfect functioning and health of your kidneys so whatever you do not need them for, but we can not too strongly urge its use if you suffer from annoying bladder troubles, frequent passing of water, night and day, with smarting irritation, brick dust sediment or highly colored urine, bloating, irritability with loss of flesh, or any other tendency to Bright's Disease, Diabetes or Gravel, for kidney disease in its worst form may steal upon you without warning."

Don't wait until tomorrow to begin the use of this wonderful prescription now obtainable in both liquid and tablet form if you have any of the above symptoms. Kidney and Bladder troubles don't wear away slowly, but they will ruin you steadily and with unfailing certainty. If you even suspect that you are subject to Kidney Disease, don't lose a single day for the Red Cross Pharmacy and every good druggist has been authorized to return the purchase money if the first big bottle in all who state they have received no benefit.—Adv.
